

Hossameldin Hamza

Computer Engineer
6th of October, Giza, Egypt

- +20 101 0603 031
- hossamhamza.hm@gmail.com
- github.com/hossamhamzahm
- linkedin.com/in/hossamhamzahm/

Proactive, reliable, and a fast learner. Strong academic performer and have secured and maintained a full scholarship to study computer engineering at Nile University. A competitive problem-solver who possesses high problem-solving skills. Worked on many web applications and Internet of Things projects. Keen to pursue a career in software engineering with a focus on back-end development.

WORK EXPERIENCES

Developed Back-End System for Sinai University mobile application

Sinai University | Mar 2023 - Jun 2023

- Developed a back-end system:
 - Designed database schemas and migrations
 - Designed RESTful API with authentication & authorization
 - Dockerized the application & setup Circleci pipeline to automate testing and deployment of the API
- Technologies used: Nodejs, TypeScript, MySQL, Docker, Circleci, DigitalOcean, Bash scripting

Software Application Engineer Intern

Valeo Cairo | Jul 2022 - Nov 2022

- Developed a cross-platform desktop application using Electron.js to send well-structured new software release notification e-mails
 - Responsive GUI to ease data filling following the MVC pattern
 - Send the email with the rendered body from the app
 - Technologies used: HTML, CSS, Bootstrap, Nodejs, Electron.js
- Extended CLI version to automate new release e-mails by Jenkins
 - Implemented development and production loggers
 - Made a list of CLI flags to configure email body and format
 - Setup Docker container to deploy the CLI to CI machine
- Developed automation scripts (in Bash and Python) for packaging and uploading modules to the remote repository, then used SSH to connect to a remote server to run these scripts

ICPC-NU Community | Competitive Programming Community

Nile University | Oct 2020 - Present

- Gave periodic sessions about Algorithms, problem solving, and improving code performance.
- Participated in designing the training road map of the community.

EDUCATION

Exchange semester in Computer Engineering

Riga Technical University | Jan 2023 - Jun 2023

Fully funded merit based exchange semester to study in RTU, Latvia

BSc in Computer Engineering

Nile University | Sep 2019 - Feb 2024

Full scholarship holder at Nile University

CGPA: 3.96

PERSONAL PROJECTS

Identifying Egyptian Artifacts & Landmarks API

Graduation Project | Jan 2024

An API utilizing Siamese Network Architecture (SNN) with Knowledge Transfer (KT) to identify Egyptian monuments/Landmarks and provide relevant information to enhance tourists' experience and support spreading the rich cultural heritage of Egypt.

Technologies used: Python, Pytorch, Flask, PostgreSQL, AWS (EC2), Docker, Circleci

University Schedule Generator

Open Source | Jan 2024

This is an API written in Node & Express to generate all possible schedules for the specified courses using backtracking algorithm with its frontend written in React. Technologies used: TypeScript, Node, Express, Mysql, AWS (EC2), Docker, Circleci, HTML, CSS, Bootstrap, React, Vercel Python implementation of the algorithm

Smart Home

Open Source | Jan 2022

A full-stack web app that gives full control of all home lights, outlets, and appliances from any device connected to the internet. Technologies used: HTML, CSS, JavaScript, Bootstrap, Java, Spring Boot, PostgreSQL, Raspberry Pi, Python, Fritzing.

TECHNICAL SKILLS

Programming languages

C, C++, Java, Python, JavaScript, TypeScript, Bash Scripting

Programming paradigms & skills

OOP, REST principle, CI/CD principles, Problem Solving, Algorithms, Data Structure

Electronics

Cadence, Proteus, Node-MCU, Raspberry Pi, Arduino

Web Technologies

HTML, CSS, JS, Bootstrap, Node.js, Express, TypeScript, React, Spring Boot, Mongo, SQL, Docker, Postman

Version Control

Git/GitHub

AWARDS & ACHIEVEMENTS

- Qualified to ACPC (Africa and Arab Collegiate Programming Championship)
2024 - To be held this year
2022 -Ranked 63rd among Africa and Arab teams
- Participated in ECPC (Egyptian Collegiate Programming Championship)
2023 - Second place among Nile university teams
2022 - Second place among Nile university teams
- Participated in ACPC (Africa and Arab Collegiate Programming Championship) Kick-off 2022
- Participated in Google Hash Code
2022 - 60th all over Egyptian teams
- First place in Undergrad Research Forum 2021

LANGUAGES

Arabic (Native) English (Professional)
